

Code: KMPSPF2/E

This device allows internal and external skiving of hydraulic hoses up to a 2" diameter. **SPF2/E** is provided with a fixed tool-holder spindle with only one cutter provided on which is a millimetric ruler which allows setting the skiving distance. Thus, replacement of the pin and adjustment of position of the tool according to the diameter of the hose to be skived is required. Also available in the 12V version, this is the perfect device for outdoor assistance.

MAIN FEATURES

- Pedal-equipped electric control;
- Tool-holder
- Drawer for shavings.
